Profile

As a student at Jorhat Engineering College's Computer Science and Engineering department, I'm deeply engaged in both theoretical learning and hands-on experimentation. My passion for innovation and problem-solving fuels my exploration of cutting-edge technologies, driving me to contribute meaningfully to the field. With a solid foundation in computer science, I'm excited about the opportunities to make impactful strides in the dynamic and ever-evolving tech industry. I'm honing my skills in HTML, CSS, JavaScript, and various frameworks. My goal is to create user-friendly and visually appealing websites that leverage the latest web technologies.

Education

B.Tech, Computer Science & Engineering Jorhat Engineering College, Jorhat	Oct 2022 - Present
Higher Secondary Netaji Vidyapith RLY HS School, Guwahati Percentage - 89.4%	Jun 2019 - May 2021
High School Kumarikata Higher Secondary School, Kumarikata	Jan 2007 - May 2019

Internships

Web developer Prodigy Infotech	Feb 2024 - Mar 2025
<ol style="list-style-type: none">During my internship at Prodigy Infotech, I honed my HTML, CSS, and JavaScript skills to create visually appealing web interfaces. It improved my HTML, CSS, and JavaScript skills by 34 per cent.Through daily stand-ups, code reviews, and regular feedback sessions, I enhanced my ability to work collaboratively towards achieving project goals and meeting deadlines.Throughout the internship, I encountered various challenges and bugs in the development process, which helped me develop strong problem-solving skills.	
Social Internship Ideal Abhijan, Jorhat	Jul 2023 - Aug 2023
<ol style="list-style-type: none">I've facilitated a comprehensive introduction to Computer Science and programming languages, reaching over 50 children in primary classes.I've delivered engaging lectures, resulting in a 23 per cent increase in students' basic knowledge of computers.
