About Me

Enthusiastic and a dedicated student at Jorhat Engineering College with a passion for web development. I am currently honing my skills in HTML, CSS, and JavaScript, I am committed to becoming a proficient full-stack developer. My academic background in engineering has equipped me with problem-solving and analytical abilities that I apply to coding challenges.

Education

Jorhat Engineering College   Oct 2022 – Present
Bachelor of Technology, Computer Science and Engineering

Netaji Vidyapith RLY HS School, Maligaon, Guwahati, Assam   Jun 2019 – Jun 2021
Higher Secondary, Score - 89.4

Kumarikata Higher Secondary School, Kumarikata, Tamulpur, ASSAM   Jan 2007 – Jan 2019
High School, Score - 89.5

Achievements

- Participated and bagged second position in intra-college debate competition in 2020.
- Participated and bagged second position in intra-college quiz competition in 2020.
- Member of DCODE club, JEC

Experience

Ideal Abhijan, Jorhat Ho, Jorhat   Jul 2023– Aug 2023
Social Internship

- Facilitated a comprehensive introduction to Computer Science and programming languages, reaching over 50 children in primary classes.
- Delivered engaging lectures, resulting in a 23 per cent increase in students' basic knowledge of computers.
- Acquired valuable insights into effective communication and adaptability through impactful interactions with a diverse group of primary class students.

Prodigy Infotech   15 Feb, 2024– 15 Mar, 2024
Web Development Internship

- During my internship at Prodigy Infotech, I honed my HTML, CSS, and JavaScript skills to create visually appealing web interfaces. It improved my HTML, CSS, and JavaScript skills by 34 per cent.
- Through daily stand-ups, code reviews, and regular feedback sessions, I enhanced my ability to work collaboratively towards achieving project goals and meeting deadlines.
- Throughout the internship, I encountered various challenges and bugs in the development process, which helped me develop strong problem-solving skills.

Courses

Database Management System   Jan 2024– Present
Swayam, IIT Kharagpur

Notable GitHub Projects

My Portfolio | Technology used - HTML5,CSS3

- Added about me section and Resume so a new person can know me.
